MONTHLY DIGEST OF CURATED TREASURES FOUND AT HABITAT FOR HUMANITY OF HORRY COUNTY
PRODUCED BY INTERIOR DESIGNERS, **LAUREN RIDDEI + SUSAN SEAGROVES**

VISUAL LANDSCAPE

Art creates the mood of a room. The eclectic composition of this painting would compliment most any kitchen! We would change the mat to white and paint the frame white, to modernize it. These two changes would give it new life.

It's the little things in decorating that can make a big difference in appeal.

COUNTRY CLUB

For those of us that roam the world hunting the sun, escape to a poolside loggia and enjoy many happy hours in these fabulous chairs! The built-in lumbar pillow, deep seats, and unique wood arm detail offer up the perfect cocktail. We would paint them all black in a marine varnish and reupholster in white Sunbrella fabric!

FORGET ME NOT

The simple lines of this petite chest are classically reliable!

We would update it with a fresh new paint scheme; African green or sea salt blue, this storage piece would be adorable in a hallway or guest bathroom. Add a task lamp and small mirror over it; let it fill your space with fun!
