## ROLL IN

Upholstery has the ability to embolden a minimalist design. That rings true for this sweet, rolling desk chair. The woven textile fabric is durable and stylish while the blonde wood frame is unique and contemporary. Roll in to your desk with a view, this chair is a keeper!

## FEELIN' SMITTEN

This beautiful peanut shaped table caught our eye! We loved its Scandinavian dining style and the options it allows for close-knit gatherings. The wood laminate and metal legs are quality made, and feels like a collectible piece. Imagine mid-century chairs around its base, with a fun, geometric one-off upholstered chair at the end. Bravo!

## OH! THE DRAMA

White, wonderful, and mood boosting! This rolled reeded bookcase could serve many interesting purposes. We envision it as a beach house bar, a bedroom shelf, or even a great organizational piece to incorporate into a closet for shoes, hanging jewelry and handbags. Trending! Just in time for summer.
