DIGEST OF CURATED TREASURES FOUND AT HABITAT FOR HUMANITY OF HORRY COUNTY
PRODUCED BY INTERIOR DESIGNERS, **LAUREN RIDDEI + SUSAN SEAGROVES**

LOUNGE CAT

Vintage needlepoint with all the feels of a mid-century treasure!

Hand-stitched by a Mimi in the 70's, this piece is colorful, eclectic and fun. It would be well-loved in a child's playroom.
Roar!

HEATHERED FRINGE

Innovative in style, this handmade flat weave rug is contemporary and modern. The white fringe, muted colors and neutral concept give it all the beautiful tonalities of a timeworn piece. Boho vibes underfoot!

CREATIVE CARVING

Meticulously hand carved side table depicting noblemen, and sail boats caught in a storm with floral carvings on all sides of the table. Fitted with a glass top and painted in our favorite color and matte sheen - wow!
